

It is exactly one year since GSF was launched in September 2023 and do we have a story!

Gratitude: Our generous friends and partners have made it possible for us to continue reaching vulnerable children through our Education Aid Programme. We could never have done this without your continued support. May God reward you for caring about the needs of others less fortunate than you!

Accountability: We are happy to report that audit of our 2023 financial reports found GSF to be exercising proper financial practices. The reports have been shared with the National NGO Bureau and with the Districts where we operate.

Geographical growth!

The doors opened for GSF to reach more children in Uganda. To this end, Memoranda of Understanding (MoUs) have been signed with Kamuli District (in Eastern Uganda) and Madi Okollo District (in Northern Uganda). In addition to Wakiso District, this brings the GSF national coverage to 3 regions.

Above: The GSF team meeting parents and care-givers of child beneficiaries on the Education Aid Programme. These meetings are intended to sensitise them about their role as primary care-givers regarding their children's education.

The GSF team pose with the Madi Okollo LC5 Chairman and the District leadership after signing the MoU on 14/08

GSF renovating classrooms at Bwase Primary School in Kamuli District, to make the study environment more conducive for learners.
